The recent conclusion of the Conference of Parties - COP 26 - on the United Nations Framework Convention on Climate Change – UNFCCC - held in Glasgow, United Kingdom from 1-12 November 2021, highlighted the critical state of our Planet Earth due to the effects of climate change and global warming.

“The world is presently in a state of climate emergency and there is no time to waste to protect the integrity of Creation.

Living wisely with God's creation

“ And God saw everything that He had made, and behold, it was very good. ”

(Genesis 1.31)

Human beings are an integral part of God's Creation, and are dependent on the divinely created web of life for our well-being.

As God's image-bearers we also carry the responsibility to care for God's Creation
