# Diocesan Theme 2021-2030

On 2 March 2021, the Diocese of West Malaysia launched the Diocesan 10-Year Development Plan (2021-2030) with the Theme: 'BEHOLD, I AM MAKING ALL THINGS NEW' (Revelation 21:5). This is in line with our Mission Statement: 'We are a Church, moving towards making Christ known through Church planting, mission, social concerns, environmental care, intentional discipleship, and building up of family units with love, grace and fellowship of the Father, the Son and the Holy Spirit.'

In the previous 10-year plan, a different theme was chosen for each year, while at the same time maintaining the progressive plans to advance the Kingdom of God. This time, the Diocesan 10-year Development Plan shall be divided into three Seasons of 3 to 4 years each, with their respective Operational Objectives as shown below:

No	Season	Scriptural Reference	Operational Objectives
1	Season of Preparation (2021-2023)	"Prepare your work outside, get everything ready for yourself in the fold, and after that build your house." Proverbs 24:27	1) Human capital development for God's Kingdom advancement initiatives 2) Explore, identify, target, encourage and equip members through discipleship and church planting training
2	Season of Propagation (2024-2026)	"Those who sow in tears shall reap with joyful shouting" Psalm 26:5	1) Build a dynamic generation 2) Beautify the inner being of men and women 3) Bond a united family and church
3	Season of Proclamation (2027-2030)	"I am the Alpha and the Omega, the First and the Last, the Beginning and the End." Revelation 22:13	1) Persevere in local and overseas mission 2) Promote social and environmental care 3) Plant new churches and congregations 4) Proclaim the Good News and Biblical truths

For the Season of Preparation, the primary focus shall be to identify, target, encourage, equip and train members to be disciples of Jesus Christ and for church planting initiatives. The Key Performance Indicators (KPI) at the Parish or Missionary District

(MD) level for the Season of Preparation are related to Discipleship Training (DT) and Church Planting Training (CPT).

For Discipleship Training at the Parish/MD level, the KPI are:

- Identify at least 5 members for DT for year 2021, and at least another 5 members for year 2022.
- Train and equip all the identified members.
- Trained personnel to lead in all ministries in the local Parish/MD after 2 years.

For Church Planting Training at the Parish/MD level, the KPI are:

- Identify at least 3 members for CPT for year 2021, and at least another 3 members for year 2022
- Train and equip all the identified members with practical exposure

- Trained personnel to eventually lead in mission, evangelism and social concern ministries

The KPI at the Diocesan-Level leadership will be handled by the Diocesan Bishop, and

shall include the following:

(a) Identify Directors for the ministries: Theological training, Lay training, Mission & Evangelism, Anglican Care, Spiritual Formation Platform, MICPE, Children's Ministry, Women's Ministry, Men's Ministry, Golden Circle Ministry, Lay Readers/Pastors and Lay Leaders.

(b) Appropriate leadership training to be provided under the direction and supervision of the Diocesan Bishop.

Resource materials for DT and CPT shall be based on the available materials from Intentional Discipleship (Anglican Communion), Discipleship Training Books (Sarang), AIM and Equip. Each Parish/MD shall customize the training programmes and modules to suit their own local context. The Diocesan Language Boards shall be responsible for making available materials in Bahasa Malaysia, Mandarin, Iban and Tamil (where applicable).

The entire Diocesan 10-Year Development Plan shall be managed by the Coordinative Body and Key Facilitators, comprising the Diocesan Bishop, the DSIC, Suffragan Bishops, Archdeacons, Ministry Heads, Parish and MD Priests. The implementation of the Season of Preparation shall be reviewed every 6 months by the DSIC. Appropriate structured review mechanisms shall be put in place for feedback, reinforcement and effective implementation to achieve the KPI at the Parish and MD level.

We have prayerfully made these plans for the next 10 years. I pray that the implementation of these plans be undergirded with your prayers, generous giving, cooperation and humility to the glory of God. May the Lord's will be done in all things, may His name be lifted up and glorified always.

# Diocesan Youth Council (DYC) 'Leaders' Meet and Greet' Programme

On the 3rd of July 2021, the Diocesan Youth Council (DYC) organized a 'Leaders' Meet and Greet" programme for the leaders of youths and young adults throughout our Diocese. Due to the COVID-19 pandemic we were not able to meet physically; but thanks to technology, we were able to meet through 'Zoom.' This event was mainly to recruit leaders of the youth and young adults from churches throughout the Diocese and to train them to become leaders in the Diocese and the church. Personally, I was very delighted and blessed to be part of this event and being recruited into the DYC as I was approached by one of the members of DYC to join this event. The Annual General Meeting of the DYC was also held in that event and it was a new experience for us.

Furthermore, all recruits who had joined this event has a mentor to guide us in leadership and to teach us on how to lead in ministry. Bishop Dr D Steven Abbarow also shared some words of encouragement to all youths and young adults to plant and build the church in the extension of God's Kingdom. He also reminded us that we must be careful of false teachers who can lead us away from God.

“From our meet on Saturday, I’ve learnt that through the death of Christ and faith in Him we are not only saved but united as one family under Him. And that we are His chosen people to go out and not just spread the word, but to spread His love as well; His love that saved both you and me. With all the issues we are facing, socially, politically and economically, I believe it is of utmost importance that we who have the privilege of knowing Christ and being able to experience His unconditional love, should spread it to wherever and whoever we can.” – Samuel Paul

“I learned that God’s Word matters. Through God’s Word we can speak the truth and we are able to glorify the Lord through His Word.” – Lydia Lawrence

“I hope that together as a team, we will be able to reach out to many more young people out there and bring them closer to Christ.” – Jasmine Jesumoney

“I enjoyed hearing everyone’s good/funny experiences as well as God’s Word that touched them during camp. I learnt that God has a way of uniting all of us and it’s amazing to gather and move with Him as a team.” – Samuel Joel

“I never joined any DYC camp before this but I got to hear many interesting and fun stories that was shared by those who went for DYC camp.” – Jessica Joseph

“Excited and looking forward to journeying along with everyone and to spur each other towards Christ.” – Gloria Thomas

To wrap up, I think that this event has drawn many youth leaders to come forward and take this opportunity to lead the DYC one day. The church needs many young people and youths to build up the church and make disciples of Christ. In the future, all recruits of this event will be working closely with

DYC to organize many events and to take up leadership gradually so that the DYC will continue to contribute more ministries in the Diocese of West Malaysia. I hope that all youth leaders and young adults will use this opportunity well and make DYC grow for the glory of God. **AM**

# Social Concerns Amongst St Marians

by Amelia Tan Siok Leh

Visit to Kg. Semoa in Raub, Pahang

In keeping with the school motto, 'I Serve', St. Mary's Secondary school set up a club in the early 1960's named 'Good Neighbours' to help those in need. They rendered help initially to the poor students who were coming to school without having a proper meal. They provided breakfast and hot drinks before moving to the community.

Today the Good Neighbours club looks into the welfare of poor students by distributing food coupons, school uniform and school shoes. Whenever the school is told that an immediate family member of a student has passed away, a hat is passed around and the substantial amount collected will be given to the family. In addition to that, teacher advisors will visit students who are

sick either at their home or at the hospital.

As in the parable of the Good Samaritan, Good neighbours Club looks beyond the needs of students at school. Being a good neighbour means helping others, regardless of religion or race. Thus, every year, the members of this club will organise many fund-raising projects not only to sponsor St. Marians but to donate to a specific organisation. Last year, the members visited the Orang Asli settlement, bringing food supplies and cash. This year, their main project is to visit an old folks' home. However, owing to Covid 19, they are unsure if they will be able to go through with their plan.

Taking the cue from Good Neighbours, other clubs and societies in the school have started to include projects to instil compassion

among the students. For example, the Girls' Brigade has visited old folks' homes and orphanages. The r. Muda, Mathematics and Science club has carried out various health campaigns to create awareness among the students and community. A Made a Difference (M.A.D.) project by the Form 4 students has also been mooted. MAD projects carried out include community work at PPR Kerinchi, and making visits to orphanage and the animal shelter.

St. Marians have always lived up to the school motto, 'I Serve'. **AM**

### The beginning

This Community Outreach Centre was established at Taman Sri Sentosa, Kuala Lumpur in the year 1994 and was the brainchild of St. Paul's Church, Petaling Jaya Mission & Evangelism Committee under the leadership of the late Rev. Butwan Manikam and Mr. Edward Cheah in response to the mission call by our Lord and Saviour Jesus Christ.

A unit on the first floor of a shop house was rented and converted into a tuition centre, providing free English lessons to the underprivileged children living in the area. Subsequently Mathematics and Science were also taught by volunteers from St. Paul's Church. Sunday school classes and bi-monthly activity based Bestari Social Club also commenced thereafter.

poor families and also reaching out to drug addicts and alcoholics living around the area. A free Clinic was also started to help out those who were in need. We celebrated our 10th Anniversary here on 17th January 2004.

In March 2012, we shifted into a new 2 story building in Taman Sri Manja, Petaling Jaya. This new building provided us with more spacious area for Worship and Church Services held on the ground floor and other social activities like tuition classes on the first floor. It was renamed as Beacon of Hope Community Centre. A dedication Service was conducted by Bishop Ng Moon Hing on Easter Sunday on 8th April 2012.

Current activities being carried out here include Sunday Tamil-English Church Service, Mandarin Service, Bahasa Malaysia Fellowship, Sunday school, Tamil/English/Chinese Bible Study, Alpha Course, Discipleship Training, free Tuition Classes, Motivational talk, Annual prize giving celebration, Carrier talk, Health Talk, single mothers program, sewing classes, beautician classes and baking classes. # CPM Youth Volunteers Step to Fight Myanmar's Covid-19 Surge

by Sah Htoo

The corona virus was confirmed to have reached Myanmar on 23 March 2020. The Yangon Region government had prepared 500 apartment units and two 300 bed hospitals for quarantine purposes. Myanmar Council of Churches was recruiting youth volunteers to serve at the quarantine Centers since 22nd April 2020. There are over four hundred youth volunteers both Christians and non-Christians now serving as members of MCC Covid-19 Fighting Volunteers team in four Covid-19 Centers. Myint Oo is the president of the Myanmar Council of Churches. With thousands of cases emerging daily, the government has reimposed domestic travel curbs throughout the country, with major cities, including the commercial hub Yangon, placed under strict lockdown. At this second wave, 38,502 Cases and 945 deaths have been recorded in the country since. This is an alarming spike compared to just 374 infections and six fatalities in the previous five months starting from March 23.

Myanmar's biggest city, Yangon, is in lockdown with a stay-at-home order in place to curb the spread of infections.

# France Remembers the Talalla Brothers on Victory Day

*The two Talalla brothers in a picture taken after they joined the Royal Air Force. (Pic courtesy of Going Places, Malaysia Airlines)*

For the Talalla family in Malaysia and other parts of the world, May 8 is a special day that brings much pride to them. It is celebrated as Victory Day in Europe to commemorate the surrender of Nazi Germany in 1945 when World War 2 ended. Not known to many, two outstanding Malaysians contributed to the victory. They were brothers Henry and Cyril Talalla, who joined the Malayan Volunteer Air Force in 1940. Their younger brother, who is still in Kuala Lumpur, is retired High Court judge Richard Talalla, 91. He was 11 when the two siblings left home.

The Malaysian embassy in Paris, in a Facebook post noted the achievements of the siblings. "On this Victory Day, we remember two outstanding Malaysians from Kuala Lumpur. The two brothers enrolled in the Malayan Volunteer Air Force in 1940. "Cyril became the first Asian and non-European to pass the rigid

Royal Air Force (RAF) entrance test — an achievement within the Commonwealth. This was followed by his brother, Henry," it said.

The embassy said World War 2 took a toll on the family, with its members in then Malaya being relentlessly tormented by the Japanese because of the brothers' support for their "enemy". "On the European front, Henry died after his plane was shot by the Nazis as it flew over France on July 25, 1944," it said. The French government decided to remember his sacrifices in 1996 by officially naming the route between Airan and Moulit in France as Rue Henry Talalla. "A plaque was erected on a farm in Airan where Henry Talalla was found dead by the side of his Typhoon plane," it added. The post said Flight Lieutenant Cyril Talalla and Warrant Officer Henry Talalla were part of the Allied forces liberating France from the clutches of the Nazi rule then.

Today, the embassy of Malaysia in France remembers the Talalla brothers for their courage, which was witnessed by France more than 70 years ago. The two were sons of business tycoon Hewage Benjamin Talalla who, according to reports, had encouraged his sons to join the RAF when the call went out for pilots in the British Commonwealth then. Cyril was a commissioned officer and Henry was a warrant officer. According to reports, Cyril was eventually awarded the Distinguished Flying Cross by the Queen. Cyril, who survived the war, died in 1973 at the age of 53 in Wales. **AM**
